RO System Application Form

Reverse Osmosis System Information

Type of Industry: _____

Purpose of the System: _____

Water Source: Well Water Softened Water Surface Water Filtered Effluent Water
 Seawater Other: _____

Feedwater General Information: TDS (ppm): _____, Conductivity (μ S/cm): _____

Pressure (psi): _____, SDI : _____, Total Hardness (ppm): _____

Temperature ($^{\circ}$ C or F): High _____, Low _____, Design _____.

It is required to attach the feedwater analysis report to this application. Attached? Yes No

Required Product Flowrate (gpm or m³/h): _____

Expected Recovery: _____

Required Product Water Quality: _____

State Other Desired Design Criteria: _____

RO Plant: Indoors Outdoors

Designed for Continuous Use: Yes No, state needed peak hourly capacity: _____

Existing Pretreatment: Yes No Output SDI: _____

Need Pretreatment? Yes No

Other Comments _____

Contact: _____

Company: _____

Address: _____

Phone: _____

E-mail: _____
